**Autumn Nature Walk and Museum Tour**

Kleskun Hill Natural Area  
Wednesday, September 15, 2021

The Kleskun Hill Natural Area “features the province’s northernmost badlands formations Dinosaur Hill and Garrett Hill; these unique formations are the eroded remains of an old river and rise 100m above rolling hills and planes.”

<https://www.albertaparks.ca/parks/northwest/kleskun-hill-na/>

**Wednesday, September 15 at 10:30 am** meet in the open area by the Museum Village.

**Autumn Nature Walk and Talk** will be led by Peace Area Naturalist, **Margot Hervieux**.

**Lunch Time Visit with Friends at 12:00/12:30** (Bring your lunch)

**Museum Tour about 1:30 pm** will be led by a member of the Kleskun Hills Museum Society (KHMS).

\*\* There is no admission to the Museum, but a donation will be appreciated.

**Come for all the day’s events or just what fits your schedule. And of course, you’re welcome to bring a friend or two.**

If we don’t have a beautiful autumn day, we’ll try **Wednesday, September 22.**

*An added note* – We are fortunate to have the incredibly knowledgeable **Margot Hervieux** join us in our Kleskun Hill Nature Walk and Talk. You may want to read some of her recent web articles.
